You are hereby notified that I have amended Approval No. 6662-8QVM6U issued on February 14, 2012 for a class 3 solar facility , as follows:

A. The definition of "Application" in the approval is deleted and replaced by the following:

7. "Application" means the application for a Renewable Energy Approval dated June 8, 2011, and signed by Sam Mantenuto, Chief Operating Officer, Northland Power Solar Burks Falls East GP Inc., on behalf of Northland Power Solar Burks Falls East L.P., and all supporting documentation submitted with the application, including amended documentation submitted up to January 31, 2012, and as further amended by the application for a Renewable Energy Approval dated February 20, 2013 to amend the Renewable Energy Approval number 6662-8QVM6U, and signed by Jim Mulvale, Manager, EH&S, Northland Power Solar Burks Falls East GP Inc., and all supporting documentation submitted with the application, including amended documentation submitted up to March 1, 2013, and as further amended by the application for a Renewable Energy Approval dated December 12, 2013 to amend the Renewable Energy Approval number 6662-8QVM6U, and signed by Jim Mulvale, Manager, EH&S, Northland Power Solar Burks Falls East GP Inc., and all supporting documentation submitted with the application, including amended documentation submitted up to April 29, 2014; and as further amended by the application for a Renewable Energy Approval dated August 8, 2018, and signed by Jim Mulvale, Director, Environmental Health & Safety, Northland Power Solar Burks Falls East GP Inc., on behalf of Northland Power Solar Burks Falls East LP and all supporting documentation submitted with the application, including amended documentation submitted up to February 7, 2019;

B. Condition 30 is added - Spill Containment for the fuel storage tank

30. The Company shall design and construct a spill containment system for the fuel storage tank in accordance with the Ministry of the Environment, Conservation and Parks publication "Guidelines for Environmental Protection Measures at Chemical and Waste Storage Facilities", May 2007, any applicable Technical Standards and Safety Authority regulations or codes, and any other applicable legislation, regulations, standards, codes or practices.

All other Terms and Conditions remain the same.

The reason for this amendment to the Approval is as follows:

Condition 30 is included to ensure that a spill containment system for the fuel storage tank at the Facility is constructed, installed, used, operated, maintained and retired in a way that does not result in an Adverse Effect or hazard to the natural environment or any persons.

This Notice shall constitute part of the approval issued under Approval No. 6662-8QVM6U dated February 14, 2012.

In accordance with Section 139 of the Environmental Protection Act, within 15 days after the service of this notice, you may by further written notice served upon the Director, the Environmental Review Tribunal and the Environmental Commissioner, require a hearing by the Tribunal.
