Dear Reader,

On January 24, 2019, High Bridge Wind, LLC (“High Bridge Wind”) filed a Preliminary Scoping Statement (“PSS”) to identify and describe the environmental studies the company plans to conduct during the Article 10 permitting process to assess potential impacts from its proposed 100-megawatt (MW) wind energy generating facility proposed for the Town of Guilford, Chenango County. Public comments on the PSS are due by 4:30 p.m. on February 14, 2019 and should be submitted on the Siting Board’s website (<http://www.dps.ny.gov/SitingBoard>) under Case 18-F-0262, or by email to the Siting Board Secretary (secretary@dps.ny.gov) and to High Bridge Wind (alec.jarvis@calpine.com).

In filing the PSS, High Bridge Wind has also submitted \$35,000 toward an intervenor fund, which can be used by qualified local parties to defray legal, expert, and administrative costs associated with participation in the pre-application and scoping phases of this Article 10 proceeding.
